

Date: Wednesday, March 10, 2010

Time: 8:00-11:00 am Technical Seminar
11:00 am Registration
11:30-1:00 pm Luncheon Meeting

Location:

CHG City Place Conference Ctr
2711 North Haskell, Suite 100
Dallas, Texas 75204

Reservation Line: (972) 780-6019

Or online: www.dallas-ashrae.org

MARCH CHAPTER LUNCHEON

ASHRAE DALLAS-CHAPTER

TECHNICAL SEMINAR

Wednesday, March 10, 2010, 8:00 AM – 11:00 AM

AIRFLOW MEASUREMENT FOR BUILDING PRESSURIZATION & IAQ

Obtain in depth understanding of driving factors for IAQ and LEED, and how building pressurization will help you meet those basic requirements. The presentation will cover the relevant Codes and Standards on these topics. It will provide you with the path to meet LEED requirements for EQc1, Outdoor Air Monitoring and the proper application of Demand Control Ventilation (DCV). The discussion covers prevention of mold growth in buildings for reduced liabilities by proper control of building pressurization.

LUNCHEON PRESENTATION

Wednesday, March 10, 2010, 11:30 AM – 1:00 PM

You Can't Control What You Don't Measure AIRFLOW MEASUREMENT

Presentation will cover reasons to measure airflow and provide you with knowledge of the available methodologies for airflow measurement and how they are applied to meet the relevant Codes. It will provide a ranging discussion of the many technologies behind these systems and how to apply them in your projects.

PRESENTER

Len Damiano is VP - Marketing and International Sales at EBTRON, Inc. He has an MBA in Mgmt & Industrial Marketing and a BA with majors in Sociology and Economics. Len has 30 years experience in the HVAC industry in a variety of senior management positions at EBTRON, New York Blower, CESCO Products, Penn Ventilator, Airstream Division, Ruskin Div., and Tomkins Industries.

Len is a member of **ASHRAE** since 1987 and currently a member of 7 Technical and Standing Special Projects Committees - TC 1.2 (Test and Measurement Instruments); SPC 41.2 (Laboratory Airflow Measurement); TC 1.4 (Control Theory and Application); SPC-195P (MOT for Rating Air Terminal Unit Sensors and Controls); TC 1.12 (Moisture Management); TC 4.3 (Ventilation and Infiltration); SSPC 62.1 (Ventilation for Acceptable IAQ - Main Committee and Education Subcommittee; and a Contributor to the 2005-2009 Fundamentals Handbook and 2007-2010 Applications Handbook.

Len is a member of the USGBC and an Associate Member of the International Code Council.

Len has presented at various ASHRAE Chapter meetings and has numerous technical articles published including "CO₂-Based Demand Control Ventilation - Do Risks Outweigh Rewards?", "Measurement for the Control of Fresh Air Intake - an IAQ Prerequisite", and "Airflow Measurement Technologies – Sources of the Differences between Expected and Actual Performance of Velocity Meters".

Technical Seminar and Luncheon is \$100.00

Luncheon Presentation is \$25.00

Non-registered Luncheon Presentation is \$30.00

3 PDH Credits will be available for the Technical Seminar

1 PDH Credit will be available for Luncheon Presentation.

Cityplace Conference Center

2711 North Haskell Avenue

Dallas Texas 75204

214-515-5100

Ground Level

From North Central Expressway take the Haskell Exit East. Take the first right at Weldon Street and enter garage ramp #5. Park in garage C and take the elevator to Concourse level (C). Enter through the revolving door and take the lobby elevator to the Ground Level.

Parking will be validated by your host. Under no circumstances should you park at Target, your car will be towed.
