

Date: Wednesday, October 14

Time: 10:00 - 11:00 am Seminar
11:00 am Lunch Registration
11:30 - 1:00 pm Luncheon

Location:

CHG CityPlace Conference Center
2711 North Haskell, Suite 100
Dallas, Texas 75204

Reservation Line: (972) 780-6019

Or online: www.dallas-ashrae.org

OCTOBER CHAPTER LUNCHEON

ASHRAE DALLAS-CHAPTER

Technical Session **Cooling Tower 101**

Technical Session:

Session will cover the basics of cooling towers. An overview of how and why towers work along with important design considerations such as tower configuration, induced draft vs. forced draft and sound attenuating options.

Luncheon Presentation

2006 IBC Impact on Mechanical Equipment Design and Building Integration

Luncheon Presentation:

The International Build Code (IBC) 2006 requires non-structural equipment to be analyzed and designed to withstand seismic and wind load events commonly occurring in nature. For critical applications such as hospitals, 911 call centers, data centers, police & rescue buildings the equipment must be independently certified to withstand the loads and remain functional after the event. The presentation outlines the responsibilities of all the design team members as defined by the code.

Presenter:

Dan Kelly has with the Cooling Tower Institute in analyzing Wind Load effects on packaged cooling towers including publishing a paper on the subject. He has lectured at several ASHRAE local chapter events in his 10 years experience at Evapco and will be presenting at the ASHRAE Winter Conference in Orlando in January 2010. Dan is currently the Director of North America Sales at Evapco. Previous to his experience at Evapco, Dan worked as a specifying engineer at the Praxair Technology Center and graduated with Masters and Bachelors degrees in Mechanical Engineering from the University at Buffalo.

Lunch Program with Reservations - \$25.00
Lunch Program WITHOUT Reservations - \$30.00
Technical Session - FREE
Lunch Program only (no meal) - \$10.00

1 PDH will be available for Technical Session
1 PDH will be available for Lunch Presentation

Cityplace Conference Center

2711 North Haskell Avenue

Dallas Texas 75204

214-515-5100

Ground Level

From North Central Expressway take the Haskell Exit East. Take the first right at Weldon Street and enter garage ramp #5. Park in garage C and take the elevator to Concourse level (C). Enter through the revolving door and take the lobby elevator to the Ground Level.

Parking will be validated by your host. Under no circumstances should you park at Target, your car will be towed.
